<Intro (½C, 2 lines V)>

Verse 1:

C#m A2 E/G# B2
Running on my own and feeling free before I see ahead of me
A wall that keeps me from my dreams or so they seem F#m A2 (PC.B2)
Today is gonna be the day that I break through this whole charade, yeah
As I get closer to the end, where road meets wall I know that
All the wall was built upon was put there by my hands F#m A2 PC.B2
Everything that's keeping me from reaching all that I can bring to You, break me down

Pre-Chorus:

E/G# A2 B2 E
Lord, I want to see You clearer
Lord, I want to know You more

C#m D A/C# B/D#
Break me down and draw me nearer to You (with)

Chorus:

E D A/C# Am
All my love, I, I surrender
E D F#m Am
All my pride, I, I surrender
E D A/C# Am
All my will, I, I surrender
E D F#m Am E Am E Am
All my life, I, I surrender all!

Verse 2:

Looking to myself to be the all that I can be for me and
Though I know to go to God I'm good here on my own
As one dream falls, the others rise and lead to only leave me dry, yeah
I cannot keep up with this chase of self, replacing help from
My Father, Redeemer, my Maker and Healer, all-powerful wonderful Friend
How can I possibly achieve all that I need when it's just me, break me down

<Pre-Chorus>

<Chorus + E Am (2x)>

<Re-Intro>

Verse 3:

It's time I finally realize that sacrifice that gave me life
I am worth nothing on my own, and this I know
Today is finally the day that I broke through this whole charade, You broke me down

<Pre-Chorus>

<Chorus + E Am (2x)>
