Verse 1:

D A Asus
It was Friday and I was feelin' fine.

C G
Not many things were on my mind
The wind was calm and so was I.
Clear blue sky.

A happy breeze filled the place
And put a smile on my face
My worries had just erased
As I lie.

Em C Em C
I soak the sun and breathe the air. I seize the day without a care

D A Asus C G
The gift of life is everywhere, and I know why.

Chorus:

D A C G D A C C
Cause I have seen His eyes. Paradise!

And He is in our lives. Paradise!
The sky itself provides paradise!

D A C G C G C G
You can't deny that we live in a paradise. Paradise.

Verse 2:

Then came Saturday, the weather changed
The sun yields to the clouds that came
The day filled up with the rain
We stayed inside
Happiness was hard to find
Smiles were a rare kind
We hung our heads and shut the blinds
Time passed by
As I sat and searched my mind, so happy just to find
The gift of life in you and I, and I know why

< CHORUS >

Verse 3:

Sunday came, and I don't care
What the weather's like out there
The gift of life is everywhere
And I know why

< CHORUS >
