Intro: Eharmonics, Aharmonics, 1<sup>st</sup> line of bridge

## Verse 1:

E                                  A                                  E                                  A  
When I was just a boy, I didn't know that my life could go so wrong  
Living for my own joys, I can't believe that my sin had grown so strong

## Bridge:

                  C#m D    E                                  C#m D    E  
(But) You were there. (You) Saw me through  
                  C#m Bsus A    F#m    B2sus B2  
(And) Here I stand (with) You

## Chorus:

E                                  B                                  C#m                                  Bsus  
I don't know what I would have become if you hadn't come into my  
Life is more now that I have found the One; I'm recreated  
Jesus saved me and gave me this smile that I am wearing right  
Now I know and I will try to live in the light  
C#m    D                                  E  
                  I'm recreated!

## Verse 2:

I'm not the only one to feel a presence turning lives around  
My life has just begun; I once was lost but now (thank God!) I'm found

<Bridge>

Therefore if anyone is in Christ he is made brand new
